World Space Week

Oct. 4 - 10

Goran Nikolasevic
WSWA Operations Manager

IAC, Guadalajara, Mexico
- World Space Week 2016 update
- Human resources
- Technical tasks
- World Space Week 2016 poster
- Active Social Media campaign
- Increased Brand Awareness
- Most growth from European Union, USA and China
- Significant growth in Pakistan
- Continued strong participation by Airbus D&S
- WSW2016 Poster contest has been organized

- Printing and distribution to National Coordinators and other interested parties is completed on time

- OM participated in some of fundraising activities, updated sponsorship benefits table, and participated in solving issues with some of sponsors/donors (some sponsors were recognized for 2015, but they didn’t pay their contribution on time, so in 2016 they were recognized partially)

- New volunteers were found, in cooperation with President and Executive director. Strong media team.
- OM represented WSWA in many promotional activities, including report to UN COPUOS in June, ICS-2016 in Islamabad, Pakistan

- Participated in organization of the World Space Week 2016 celebration worldwide and worked on support WSW National coordinators

- Prepared Annual report for 2015, and two quarterly regular reports
- Very short deadline for organization of competition (Jan 14 - Feb 08 2016)

- Poster competition in Croatia, School of Applied Arts and Design Osijek

- Participants: 17 years old students (3rd grade in middle school), one professor 28 years old

- Author: Filip Glogoski

- Poster sponsors: FedEx and Inmarsat

- Printing and distribution to National Coordinators and other interested parties is completed on time
