We all celebrate

In a theatrical scene on the school theater grounds, student **Mona Muhammad** imitates **Rayana**, wears a white astronaut costume, and sings her dreams.

We all celebrate

Mona said:

Our land is a land of goodness

Its safety is with us

Where we fly and dream...

We study... we strive and we learn

With her we make dreams come true

On the land of peace and Islam

my dream is

Build the minds of generations

To make profits and money

We all celebrate

**Then she said: Their dreams... are
almost impossible
Our dreams accompany us like friends
We strive to achieve it, despite the
burdens.**

We all celebrate

We love you, home of dreams
O country of safety and peace
We have many dreams
With change and development
My dream :
To fly into space
Like Rayana, I embrace the sky
I love the night when it comes
A pioneer in the field of astronomy.

We all celebrate

A manifestation of celebration

Space corner

Wall sticker

We all celebrate

Key medals

It was distributed to visitors to the Space Corner

We all celebrate

Implemented by: Abrar Ahmed
A simple worksheet about space
Included suggestions and recommendations for a fun space week.

A busy week with us embracing space.
