

SPACE AND CLIMATE CHANGE

اسم الطالب: حسين الحكيم
والدة النشاط: حليلة عقيلي
منسقة البرنامج: سلامي مهدي
مديرة المدرسة: هيفاء عقيلي

WHAT IS SPACE

Space is where all the things in the universe happen, from stars and planets to space dust and gases

THE DISTANCE OF OUTER SPACE FROM EARTH

Scientists have not been able to determine a drop or area of outer space surrounding the Milky Way or neighboring galaxies

THE FIRST SAUDI ASTRONAUT

Rayyanah Barnawi is a biomedical researcher and astronaut. She is the first Saudi female astronaut, selected for Axiom Mission 2 as a mission specialist by the Saudi Space Commission; her selection was officially announced on February 12, 2023
